DECLARATION OF GARY HOBERMAN

Mail Stop Petition
COMMISSIONER FOR PATENTS
 P.O. Box 1450
 Alexandria, VA 22313-1450

Sir:

I am a named inventor on this pending patent application. The application was unintentionally abandoned and I am submitting this declaration with a petition to revive under 37 C.F.R. § 1.137(b).

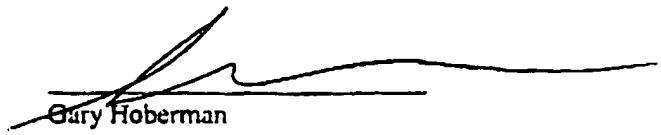

In the course of prosecution, it came to our attention that an additional individual should be properly named as an inventor on the application. That individual's name is Lestan D'Souza. A declaration to add Mr. D'Souza as an inventor was timely prepared and forwarded to him for signature. His declaration was intended to be included with a response to the outstanding office action (Final Rejection), having a 6 month statutory due date of May 12, 2009. However, the need for Mr. D'Souza to sign and return the declaration in sufficient time to allow filing of his declaration with a response and RCE before the 6 month statutory due date was apparently not properly communicated to him or he did not fully understand that the application would be abandoned if a response was not timely filed on or before May 12, 2009. I was not aware that Mr. D'Souza had failed to timely execute and return his declaration, to be included with a response before the 6 month statutory due date, and as such the abandonment was unintentional.
